rajkishorsah760@gmail.com | +91-7488946347 | <https://www.linkedin.com/in/rajkishor-sah/>

## Education

**Bansal Institute of Research, Technology and Science, Bhopal**

**May 2023**

- Computer Science Engineering | CGPA: **8.16**

**T.N.B. College Bhagalpur, Bihar**

**June 2018**

- ISC (Class XII) | Percentage: **60%**

## Skills

- **Tech-stacks:** Javascript, HTML, CSS, React.js
- **Frameworks:** Bootstrap, TailwindCSS
- **Tools:** VS Code, Git, GitHub, Figma

## Work Experience

**Radixweb | Trainee**

**Feb 2023 - Apr 2023**

- **Technologies:** Learn HTML, CSS, JS, Bootstrap, and TailwindCSS.
- **Testing Tools:** Utilized SonarQube for code analysis and bug detection.

**Solar Secure Solutions | Intern**

**Apr 2023 - Jun 2023**

- Developed multiple projects and polished my skill set in front-end development.
- I made a project with API integration using Javascript.

## Projects

**Quiz APP:**

**Live Link:** [Quiz App](#)

I developed a dynamic JavaScript quiz application utilizing HTML, CSS, and Bootstrap. The app displays questions with multiple-choice answers, tracks the user's score, and provides feedback upon completion. Implemented functionality to load questions, handle user selections, and update the score in real time.

- **Technologies Used:** HTML, CSS, Javascript, Responsive Web Design, and Bootstrap.

**Newzz App Website:**

**Live Link:** [Newzz](#)

Newzz is a modern and responsive news website that delivers timely, accurate, and unbiased news across diverse categories such as technology, business, sports, health, and entertainment. Our goal is to empower readers with insightful updates on global events, making it easy to stay informed.

**Key Features:**

- **Dynamic News Categories:** Explore various news categories including Technology, Business, Sports, Health, and Entertainment.
- **Search Functionality:** Easily search for news articles using keywords.
- **Live News Updates:** Fetch real-time news from an external API to stay current with the latest headlines.
- **Responsive Design:** Optimized for mobile, tablet, and desktop viewing.
- **Tech-stacks Used:** React.js, Bootstrap

## Certification

- Certification in CSS for beginners by **Udemy**
- Certification in Javascript and Bootstrap by **Udemy**
